AKVIS LIGHTSHOP 6.0: MAKE YOUR PHOTOS SPARKLE!

August 2, 2017 — AKVIS announces the release of AKVIS LightShop 6.0, a versatile program for adding light effects to images. Version 6.0 offers the new Sparkle Brush that scatters light spots of different shapes, colors, and sizes. Also, the new Gray interface theme is now available.

AKVIS LightShop is a leading software for creating various stars and glow effects. Just a few clicks in the program and your image gets illuminated with a spectacular light source: bright shining sun, ghostly full moon, dramatic solar eclipse, colorful starburst, mysterious UFO lights, etc. To make it easy to get started quickly, the program includes a variety of built-in presets that can be customized. Advanced users can design new light effects from scratch.

Version 6.0 offers the new *Sparkle Brush* that creates multicolored and multisized stars, rings, hearts, flowers, polygons, etc.

The new *Gray* interface theme has been added. The *Dark* and *Light* themes have been improved to be even more user-friendly.

Also, some minor bugs have been fixed.

Download AKVIS LightShop 6.0. The trial version is free and fully functional for 10 days.

The software runs on Windows XP, Vista, 7, 8, 8.1, 10; and on Mac OS X 10.7-10.11 and macOS 10.12. The product is available as a standalone application and as a plugin to photo editors: AliveColors by AKVIS, Adobe Photoshop, and others.

AKVIS LightShop 6.0 Home sells for $72, Deluxe for $99, Business for $185. One license key allows activating and using the software on two computers.

It is a free upgrade for recent buyers as well for those who bought 1 Year of Updates during the last 12 months! Users, whose license is not valid for the new version, can get LightShop 6.0 for only $14.95.

AKVIS (http://akvis.com) specializes in development of image and video processing software. Since the company's launch in 2004, it has released a number of successful products: standalone applications and Photoshop plugins for Windows and Mac.
